

Child Abuse Registries & Authorization for Release of Information

Adoption home studies completed for an adoption within the United States require that Child Abuse and Neglect Reports be obtained for **everywhere you live for more than two weeks in the last five years**. **International home studies** under Hague regulations require that Child Abuse and Neglect Reports be obtained for everywhere you have lived **since you were eighteen years old**.

Each state varies regarding information needed to obtain a report. We may be contacting you for additional information (such as previous addresses), signatures and/or fees, as required.
